IWG Members,

We will conclude our discussion of the exposure quality table this morning at 9:30 AM. Because of a conflict, Annie requested that we discuss the IWG process on August 19. So we should have a short meeting today.

Please note two attachments. The first is the draft text that will precede the exposure quality table in the TR. It has been revised based on comments provided by Audrey Galizia. The second attachment is an updated exposure quality table which (I hope) reflects last week's discussion.

The dial in is:
